COMMENTS

HOW WILL EVALUATION TA AND TRAINING ADD VALUE TO YOUR WORK?

Factors of Success

1. Evaluative thinking (e.g., when to use what methodologies)
2. Evaluative systems/structures (e.g., internal vs. external evaluator)
3. Technical skills (e.g., tool development, software use, data visualization)
4. Targeted competencies (e.g., cultural competencies, communicating findings)
5. Use of evaluation for quality improvement

BREAKOUT ROOM DISCUSSIONS

1

Are there any additional factors of success?

2

What are two indicators of success for each factor?

BARRIERS TO PARTICIPATION IN EVALUATION TA

Varying levels of evaluation experience

Scheduling

Competing priorities

Hesitation to change

Dedicated resources for evaluation

What are some strategies to overcome these barriers?

NEXT STEPS: PFH

1. Complete additional analysis based on Council size
2. Create organizational and individual reports
3. Develop curriculum for evaluation TA
